Subject: Contract PR-8200

As discussed in our telephone conversation this morning and as set forth in our TWX No. 562, attached please find copies of our residual inventory schedule for Contract 33(600)-30130. Items 4, 5, and 9 on this schedule are required on a continuing basis for usage under Contract PR-8200.

We would like to suggest that you or the Depot take the necessary steps to pick these items up and transfer them to us as GFE under RE-518. If this cannot be done, it will be necessary for us to procure these or similar items directly under PR-8200.

Since this equipment has already been through DOD screening, and is now being offered to educational institutions on a donational basis, any action you may take should be done expeditiously, otherwise it may come too late.

Please advise us as to what action, if any, you plan to take.
